

Gaziantep at a Glance

- Gaziantep is one of the oldest culture centers of Turkey.
- 6th largest city in Turkey with a population of 2.1 million.
- Culturally and socio-economically the most developed city in its region.
- World's second biggest mosaic museum.

Agricultural Production

In Gaziantep, the agriculture is done in 370.736 hectares yards. Particularly Antep pistachios, olive and grape varieties are grown in the fields.

There are nearly 50 millions of pistachio trees in the region.

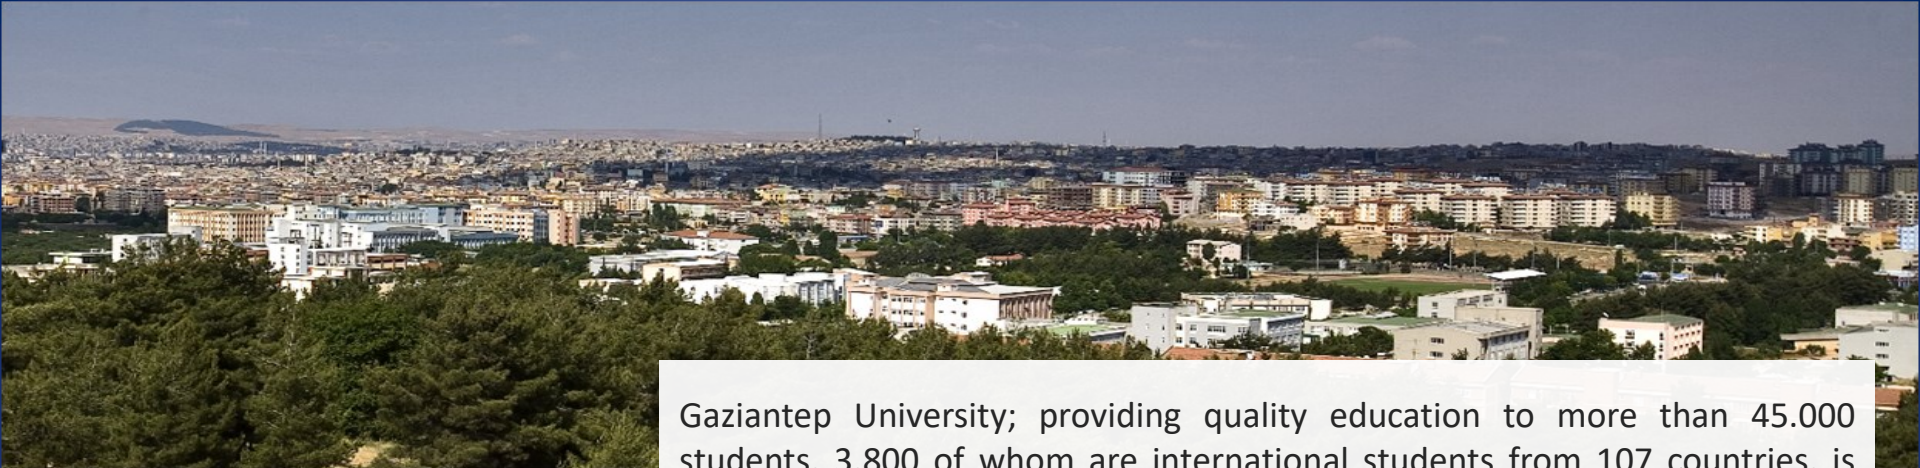

- It has the best Turkish food in the country.
- Awarded as “City of Gastronomy” by UNESCO

- The number of large industry businesses established in Gaziantep comprise **four percent** of the Turkish industry in general, and small industries comprise **six percent**.
- **Largest trade and industrial center in the region.**
- Gaziantep has three organized industrial zones covering 12 million sqm.
- The industrial sector with many small and medium size businesses offers a wide opportunity of employment. Around 20.000 employees in each zone.

University at a Glance

Gaziantep University; providing quality education to more than 45.000 students, 3.800 of whom are international students from 107 countries, is taking firm steps towards becoming a world university with its strong academic staff, physical infrastructure, social and cultural opportunities.

Gaziantep University has the characteristics of a university which is delicately followed due to its exemplary projects for other universities like Intern Education Model and Civic Involvement Projects.

It is aimed to transfer knowledge, science, wisdom and cultural accumulation from GAUN to the entire Middle East and aimed to protect humanity and basic values and add value to the socio-economic development of the region by bringing together the qualifications acquired in a common platform.

Our university will proceed to be a home where not only successful doctors, engineers, and teachers are educated and trained but also an educational institution that does not avoid any sacrifice in the way of educating students who will open to the world with their international identity. As universities, beyond providing the academic success of their students, are life areas that aim to make them lifelong productive and happy. With this understanding and 46 years of experience, Gaziantep University will continue to be the guarantee of our future in our bright journey.

Gaziantep University was founded as a state university in 1987, but higher education on campus began as early as 1973 when the institute was an extension campus of the Middle East Technical University.

The main campus is located in the city of Gaziantep with its extension campuses situated in the districts.

The main objectives of the Gaziantep University are:

Cultural, scientific, technical, medical and vocational education and training Fundamental and applied research Development of perspectives with respect to social issues, responsibilities and ethics Technical, scientific and cultural exchanges with similar institutions at national and international levels

Professional adaptation to our rapidly changing society and the world in general, with particular attention to European Higher Education Area

University Facilities

Accommodation

Accommodation needs of students are met by student dormitories which is located in the campus.

Dormitories have a capacity of 3800 students.

Meals

Students are offered lunch at the Central Dining Hall with a capacity of 3500. The meals during weekends and holidays are available at the dormitories and private cafeterias in campus.

Transport

Gaziantep is 700 kilometers away from the capital city, Ankara, and 1000 kilometers away from Istanbul. Travel from and to the city is possible through modern intercity buses, railway and airway. Gaziantep International Airport is about 20 kilometers to the university main campus. It is possible to go to city center by bus or tramway.

Best Global Universities Rankings

These institutions from the U.S. and more than 60 other countries have been ranked based on 13 indicators that measure their academic research performance and their global and regional reputations. Students can use these rankings to explore the higher education options that exist beyond their own countries' borders and to compare key aspects of schools' research missions. These are the world's top 1,250 universities.

UNIVERSITIES"
rankings!

GAUN is ranked 15th
at "Turkey
Entrepreneurial and
Innovative University
Index"

Sample Indicators

- Number of firms established by academicians
- Number of firms established by students/graduated students
- Employment in those firms
- Technology Transfer Office (TTO) activities
- Patents
- Licences
- R&D and innovation projects
- Entrepreneurship, innovation lessons/trainings

Technology and Innovation

where industry meets technology

GAUN helps better understanding of the opportunities that may arise in the realization of the social and commercial activities of employees and individuals in daily life, working life and society.

Gaziantep Teknopark

The key center has welcomed **more than 100 firms**

Known as the cradle of civilization, Gaziantep is Turkey's center for culture, architecture, industry and trade.

Once part of the Silk Road, the region today is influential in the commercial arena.

As such, research and development as well as entrepreneurship are indispensable to the city. Therefore there is a need to **support local entrepreneurs**. This is where Gaziantep Teknopark comes in.

Gaziantep Teknopark has become a **key business center** for technology companies.

Due to **local tax advantages**, the center counts nearly 100 companies.

Gaziantep Teknopark has become the key meeting point of industry and technology. Comprised of software companies with a share of 42%, Gaziantep Teknopark provides consultancy and support to the local industry.

Peer reviewed Journals

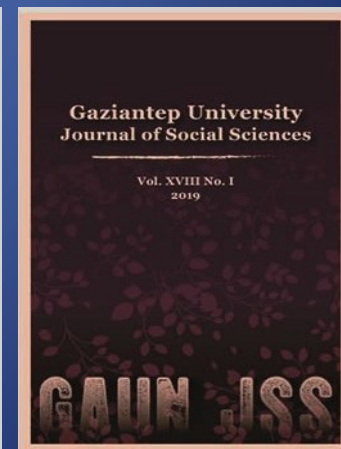

European Journal of Therapeutics

European Journal of Therapeutics (Eur J Ther) is the double-blind peer-reviewed, open access, international publication organ of the Gaziantep University School of Medicine.

European Journal of Therapeutics is indexed in Web of Science-Emerging Sources Citation Index, GALE and TÜBİTAK ULAKEBİM TR Index.

"The International Journal of Energy & Engineering Sciences (IJEES) is an open access publisher of journals covering a wide range of academic disciplines. All papers are being published with an ISSN number by the publisher of Gaziantep University. IJEES is a peer-reviewed journal published tri-annual online by "Gaziantep University" in Turkey. This journal is designed for communication and discussion of scientific activities mainly in energy and engineering. The journal publishes only English articles. The manuscripts are checked by the editors. The manuscripts adopted to our journal style will then sent to our international reviewers.

IRMRS is international in scope and welcomes articles on migration and refugee studies from the social scientists all around the world.

International Partnerships

Erasmus+

Involved in Erasmus+ since 2005 as a Pilot University
every year 200+ students 50+ scholars participate in Erasmus+ mobility

Bilateral Agreements with 55+ universities in 20+ countries.

Partner in European Framework Projects.

Erasmus + International Credit Mobility (KA107)

ERASMUS CHARTER FOR HIGHER EDUCATION 2014-2020

The European Commission hereby awards this Charter to:

GAZIANTEP UNIVERSITESI

Student Recruitment

GAUN is landed on 36th with it's international collaborations at "U.S. News BEST GLOBAL UNIVERSITIES" rankings!

International Student Recruitment

International student recruitment goes back to 1981! Now GAUN has more than 3800 International Students from 109 different countries.

Most popular departments at GAUN are Medicine and Engineerings!

*Study in peace and harmony @GAUN
for a beter world and future!*

Mevlana and Overseas Exchange Program

Mevlana exchange program aims to exchange students and staff between universities world-wide except EU countries.

Students who want to participate the exchange program will be able to benefit from the program by studying at least one semester or at most 2 semesters and staff will utilize the program by giving lectures in universities for at least 1 week and a maximum of 3 months. Students and staff from universities all over the world can also come to Turkish universities.

GAUN has 40+ bilateral agreements with universities in Russia, Kazakhstan, China, Azerbaijan and Lebanon, Albania, Bosnia Herzegovina, Kosovo, USA and etc.

From GAUN

Hello, we are Kamila and Alicja!! from the city of entertainment, music, bohemian style and night-life – Crakow, Poland Crakow University of Technology from the Faculty of Civil Engineering.

Gaziantep is an open city for people who want to broaden their knowledge, find a new pleasure in simple things. The four months spent here gave us a chance to know the colorful culture of Turkey, to catch the differences between Turkey and Europe, to try spicy and intensely sweet flavors of Turkish cuisine and to meet new special friends.

I am Ayaulym Kanatova from Kazakisthan. One of the biggest chances of my life is being at Gaziantep University under the frame of Mevlana Exchange Programme. At GAUN I experienced a spectacular academic perspective, it was more than I expected. I had a lot of Turkish and foreign friends with wonderful memories. I'm thankful for this great contribution to my life.

Hello I am Muzahid from Malaysia!
Gaziantep University have a complete facilities for students such as a convenience store, sports field and student dining hall.
I've found many lecturers with interesting and skilful teaching technic and a warm heart classmates in the university.
Many events such as International Student Festival connecting student from different nation and culture.

Hello I am Zawar from Pakistan!

Gaziantep is the most dynamic and competitive city in turkey whose economic development was rated successful and noteworthy by the World Bank, which ranked in the top seven in the most competitive cities in the world. Gaziantep University value excellence in teaching, research and extracurricular activities and ensure the use of up-to-date resources by the help of modern day academics. One should count him/herself lucky to be a part of the university, which is diversified and opened to the world by its exchange programs and have a tolerance for the international students belong to any part of the globe and provide education in English language.

The students do not only get bookish knowledge but they are groomed socially, mentally, physically, culturally and intellectually.

Thank you
for your time
